North America, driven by U.S. automotive air filters market size, from passenger car should generate over USD 730 million in business by 2022. Rise in spending capacity for automobile purchase should drive regional product demand.

Asia Pacific may witness gains at over 8.5%. Rapid industrialization along with number of mid-size cars sales with presence of numerous industries should drive regional growth. OEMs may witness significant gains. Presence of unorganized market in China and India may pose threat to the market. Numerous suppliers in the OEM market provide robust solutions ensuring for better business trend.

Latin America, driven by automotive air filters market size in Brazil, should witness gains at over 8%. Number of service offerings by OEM should drive regional demand. Increasing opportunities for e-mobility, aftermarket segment and connected cars may stimulate industry growth. Two wheelers vehicles demand should grow significantly over the forecast timeframe. Indian two wheeler market is showing an uptrend and thus resulting in high sales and production volume.

Intake automotive air filters should witness robust growth at around 8%. They are used to prevent pollutants entrance via combustion engines which can hamper functioning of cylinders and piston ring system.

Europe Automotive Air Filters Market size, by application, 2014 & 2022 (USD Million)

Global automotive air filters market is fragmented, Ahlstrom Corporation, Cummins, Mann+Hummel, and Denso Corporation, Toyota Boshoku, Mahle, Ac Delco, Clarcor, Affinia Group and Valeo remain major players.

Segmentation of Automotive Air Filters Market:

Automotive air filters market research report includes in-depth coverage of the industry, with estimates & forecast in terms of revenue in USD million from 2012 to 2022, for the following segments:

Automotive Air Filters Market By Product

- Intake
- Cabin

Automotive Air Filters Market By Application

- Passenger car
- Light & heavy commercial vehicles
- Two wheelers

Automotive Air Filters Market By End-Use

- OEM

- Aftermarket

The above information has been provided for the following regions:

- North America
- Europe
- Asia Pacific
- Latin America (LATAM)
Middle East & Africa (MEA)
