The comprehensive value chain analysis of the market will assist in attaining better product differentiation, along with detailed understanding of the core competency of each activity involved. The market attractiveness analysis provided in the report aptly measures the potential value of the market providing business strategists with the latest growth opportunities.

The report also covers the complete competitive landscape of the worldwide market with **company profiles of key players such as** *6Wind SA, Alcatel-Lucent SA, Amdocs Inc., CIMI Corporation, Connectem Inc., ContexXtream Inc., Ericsson AB, Huawei technologies Co. Ltd., Intel Corporation and Nokia Corp.* **Geographically**, the Network Function Virtualization (NFV) market has been segmented into regions such as North

America, Europe, Asia Pacific And Rest of the World. The study details country-level aspects based on each segment and gives estimates in terms of market size.

The report classifies the market into different segments based on solution type and framework. These segments are studied in detail incorporating the market estimates and forecasts at regional and country level. The segment analysis is useful in understanding the growth areas and probable opportunities of the market.

A. Major Player Assessed In The Report Are:

1. Introduction
2. Executive Summary
3. Market Analysis
4. Network Function Virtualization (NFV) Market Analysis By Application
5. Network Function Virtualization (NFV) Market Analysis By Geography
6. Competitive Landscape Of The Network Function Virtualization (NFV) Companies
7. Company Profiles Of The Network Function Virtualization (NFV) Industry
