U.S Coil Coatings Market size, by end-user, 2013-2024 (USD Million)

Robust growth in the end-use industry of Asia Pacific region will upsurge coil coatings market. The rising product demand particularly in India, China, and Japan is likely to dominate the overall revenue generation of the region. Escalating construction industry and rapid industrialization in this region will be the key driving factors for the growth of coil coatings market. The major industry giants like AkzoNobel, The Valspar Corporation, and PPG Industries, Inc., are putting in extra efforts for development in Asia Pacific region to maximize profits and cope up with rising product demand.

[Coil coatings](#) are extensively used in construction industry as it offers aesthetic finish to metals and provide weather & corrosion resistance. The worldwide coil coatings market is primarily driven by the rapid growth of the non-residential infrastructure (industrial sites, factories, commercial buildings, etc.).

China, India, and Indonesia being some of the fastest developing economies across the globe are undergoing rapid industrialization and urbanization. In response to this fact, the rising end-use industries including automotive, construction, and appliances are generating heavy demand for coil coatings. According to Global Market Insights, Inc., "Coil Coatings market is estimated to witness a CAGR of 6% over the period of 2016-2024."

Coil coatings market research report includes in-depth coverage of the industry, with estimates & forecast in terms of volume in kilo tons and revenue in USD million from 2013 to 2024, for the following segments:

- **Coil Coatings Market By Product**
 - Polyester
 - Silicone Modified Polyester
 - Polyvinylidene Fluorides (PVDF)
 - Polyurethane (PU)
 - Plastics
 - Others
- **Coil Coatings Market By End User**
 - Construction
 - Automotive
 - Appliances
 - Others

The above information has been provided for the following regions and countries:

- North America
 - U.S.
 - Canada
- Europe
 - Germany
 - UK
 - France
 - Spain
 - Italy
- Asia Pacific
 - China
 - India
 - Japan
 - Australia
 - Indonesia
 - Malaysia

- Latin America
 - Brazil
 - Mexico
- MEA
 - South Africa
 - GCC

About Global Market Insights

Global Market Insights, Inc., headquartered in Delaware, U.S., is a global market research and consulting service provider; offering syndicated and custom research reports along with growth consulting services. Our business intelligence and industry research reports offer clients with penetrative insights and actionable market data specially designed and presented to aid strategic decision making. These exhaustive reports are designed via a proprietary research methodology and are available for key industries such as chemicals, advanced materials, technology, renewable energy and biotechnology.
