Sansui Electric X ray Component Counter

Sansui Electric Co., Ltd. is one of the world's oldest and largest audio-visual companies.

Sansui Electric products have been fully involved in various fields, including notebook computers, air conditioners, traditional TVs, DVDs, and top electronic technology LEDs and LCDs.

Why need Sansui Electric X ray Component Counter?

The growth of the production line requires a large number of staff in the warehousing department to manage and control electronic materials, to realize timely inventory and update of material data, to prevent the lack of materials and the management and control of stagnant materials, and to provide more data for enterprise production. Basis, reduce costs.

Advantage of Sansui Electric X ray Component Counter?

Sansui Electric purchased the [X ray component counter](#) X7600 (X1000 upgrade to X7600), which realized fast counting for Sansui Electric.
