## TSI Mexico-X ray detects Dell computer motherboard defects.

MISIÓN Proporcionar servicios de almacenamiento, embalaje, administración de inventarios, distribución, logística, remozamiento, reparación y mantenimiento de equipos electrónicos en alto volumen, de alta tecnología a nivel componente; ofreciendo oportunidad, calidad, y precio.

VISIÓN Ser líder a nivel nacional e internacional ofreciendo soluciones integrales e innovadoras que nos permitan satisfacer las necesidades de los clientes y socios estratégicos cumpliendo y excediendo consistentemente sus expectativas.

MISSION Provide storage services, packaging, inventory management, distribution, logistics, refurbishment, repair and maintenance of electronic equipment in high volume, high-tech component; offering opportunity, quality, and price.

VISION To be a national and international leader offering integral and innovative solutions that allow us to satisfy the needs of our clients and strategic partners, consistently fulfilling and exceeding their expectations.

Seamark ZM Technology Group (HK,) Co.,Ltd is one of national high-tech enterprises of development, production and sales Since 2005, with its strong technical force, efficient management, perfect sales network and after-sales service. We win the trust and support of the majority, and improved ourselves by introducing and absorbing overseas advanced technology.

At the same time, we would like strengthening product research and development to improve product quality, and constantly opening up the domestic market, in the global electronic, the multi-function BGA rework field & X ray inspection equipment & X-ray SMD counter & Laser TV LCD repair ect.

Seamark ZM has passed ISO9001: 2000 Quality management system and ISO14001:2004, CE, environmental management system standard certification.

Many thanks TSI Mexico' trust and support!
